MISSOURI COMMISSION  
OF PUBLIC SAFETY.

Mr. Leopold Bruemer.  
State Director.  
Liberty Choruses.

State Capitol St. Paul Minn.

Dear Sir.

We have attempted at four different times to make a success of the community sing and while I believe we greatly encouraged the 4th Liberty Bond Drive not only taking our part here but also at Elysian, I will state that the decesse has to date put us of, and no regular sing has been attempted for some time past.

I have personally with my wife given as much time to this as we possible could under the Circumstances, but being myself bereaved of one of my children during this epidemic it has curtailed us all more or less.

If you deem under the circumstances we are entitled to a certificate you may name same,

The Waterville Liberty Chorus.

Carl Petersen.  
Director.

Yours Very Truly.
