- (1) The Ramsey County term sheet indicates the Team would be responsible for cost overruns associated with development of the Stadium and off-site transportation improvements as identified by MnDOT and/or Met Council Risk Analysis; if any additional costs/issues arise related to off-site transportation or the EIS process that are not identified in the previously mentioned reports, the terms do not indicate who would have responsibility.
- (2) The Ramsey County proposal indicates the Team would have operating responsibility.
- (3) Ramsey County costs are net of the private land portion.
- (4) Assumes that no new tax increases will be enacted, and therefore no local funding would be provided for the Ramsey County site.
- (5) Estimated present value of net tax collections received by the State through estimated income taxes on Vikings players, front office employees and visiting team players, and in-stadium sales and liquor taxes through the term of the proposed lease (2045), less the State investment.

The Group shall work together to minimize project costs while maintaining the minimum design standards.</li> <li>○ To help the Group carry out these tasks during the development phase (prior to financial closing), the Authority and the City shall enter into a Development Administration Agreement with the Team in which the Team and the Authority will agree to undertake and pay for certain design and other development tasks needed to develop the stadium, as described above.</li> <li>○ If any party subsequently requests a change to the minimum design standards that takes the project over budget, that party shall be responsible for the additional cost and for the mitigation of any negative impact on the other previously agreed to project elements.</li> </ul>

	<ul style="list-style-type: none"> <li>○ After the GMP is signed, the Authority will manage the construction of the Stadium. However, the Authority: <ul style="list-style-type: none"> <li>• Will construct the stadium in a manner consistent with the minimum design standards and GMP design unless the Group otherwise agrees.</li> <li>• If value engineering is required to meet the GMP, the Group will participate in any and all such decisions. However, if the Group is unable to agree on modifications the Authority shall have the right to make final decision, as the Authority will be responsible for cost overruns.</li> </ul> </li> </ul>
<b>Cost Overruns/Savings</b>	<p>Authority will be responsible for cost overruns associated with development of the Stadium. The Authority will also be responsible for any costs overruns associated with the acquisition of the site, on-site and off-site infrastructure improvements and related internal circulation.</p> <p>Any cost savings or additional funds obtained by the parties for project costs shall be (1) used for project costs, (2) deposited into a Stadium operating fund and/or (3) used to fund the Capital Reserve, at the discretion of the Authority.</p>
<b>Operations</b>	<p>Authority and Team will select an experienced private stadium management company (or qualified individual) to manage the stadium on behalf of the Authority and Team.</p> <p>The Authority and Team will negotiate a fixed cost operating Management/Employment Agreement with operating cost protection(s) that is agreeable to both parties.</p> <p>The Manager would be responsible for developing an Operating Plan and Operating Budget to be agreed to by the Authority and Team. The Operating Plan will identify the number and types of events planned each year and would be consistent with the general framework of the initial Operating Plan and Budget.</p> <p>The Manager would be responsible for operating the stadium and parking facilities in accordance with the approved Operating Plan and Budget. Any changes to the Operating Plan and Budget would require approval by the Authority and Team.</p> <p>The Manager would report to the Authority.</p>
<b>Capital Repairs and Improvements</b>	<p>The Authority with input from the Team and Manager, would develop a short-term and long-term capital funding plan that prioritizes and defines the capital improvements on a rolling current year and multi-year basis.</p> <p>The Manager, at the direction of the Authority, will be responsible for making, or for causing others to make, all capital repairs, replacements, and improvements for the stadium and parking facilities.</p> <p>The Team will contribute \$1.5 million annually (inflating) and the City will contribute \$1.5 million annually (inflating) into a Capital Reserve Fund.</p>

<b>Term</b>	<p>Team will enter into a Stadium lease or use agreement with the Authority for a term of 30 years, with options for the Team to extend the term for four additional five year periods.</p> <p>The agreement will contain assurances and conditions requiring specific performance and commitment from the Team to play their home games at the Stadium throughout the term of the Use Agreement.</p>
<b>Stadium Revenues</b>	<p>The Team shall retain all Team event-related revenues and suite revenues (other than generated from certain specified events), advertising and naming rights.</p> <p>All other non-Team related revenues shall be retained by the Stadium Authority.</p>
<b>Operating Expenses</b>	<p>The Authority will be responsible for all operating costs of the Stadium after payments received from the Team/other events.</p> <p>The Team will pay \$10.0 million per annum, inflating toward Operating Expenses. The City will pay the difference between the Stadium Operating Expenses less the Team payment (assumed to be \$5.0 million per annum inflating).</p>
<b>Game-day Expenses</b>	<p>The Team shall pay any and all NFL game day expenses.</p> <p>The Team shall also be responsible for any and all costs incurred for municipal services (e.g. police/security, traffic control, fire prevention, emergency medical, street cleaning/trash removal and other similar services) provided for events held by the Team.</p>
<b>Team Sale</b>	<p>If the Team is sold or an interest in the Team is sold, a portion of the sale price must be paid to the Authority and deposited in a reserve fund for improvements to the Stadium or expended as the Authority may otherwise direct. The portion required to be so paid to the Authority is at least __ percent of the amount in excess of the original purchase price of the Team, declining to zero fifteen years after the commencement of stadium construction in increments of 1.2 percent each year. The agreement must provide exceptions for sales to members of the owner's family and entities and trusts beneficially owned by family members, sales to employees of equity interests aggregating up to 10 percent, and sales related to capital infusions not distributed to the owners.</p>
<b>Public Access</b>	<p>The Authority, Team and Manager of the Stadium will work to maximize the use of the facility by attracting events that create economic, fiscal and social benefits to the State and local communities. Examples of such events include: NCAA competitions, concerts, political, civic, community, MNHSL and not-for-profit events. The Authority shall actively seek out civic/community/not-for-profit events consistent (in type and rent) with the historic operations of the Hubert H. Humphrey Metrodome.</p>
<b>Metropolitan Council Review</b>	<p>Waiver of Metropolitan Council Significance Review.</p>

<b>Access to Team Financials</b>	The lease or use agreement or other transaction documents shall provide the Authority access to financial books and records that the Team and Authority deem necessary to determine compliance with and enforcement of the terms of any lease/license or other transaction documents. Prior to financial closing, the Team will provide the Authority with financial disclosure adequate to demonstrate the Team's ability to satisfy its obligations under the transaction documents. Any financial information obtained by the Authority would be considered nonpublic.
<b>LEED Certification</b>	The Stadium should be designed and constructed in a manner that provides for environmental and energy efficiency. The Authority will make an effort to build a Stadium that is eligible to receive LEED certification.

# STATE OF MINNESOTA

## Office of Governor Mark Dayton

130 State Capitol ♦ 75 Rev. Dr. Martin Luther King Jr. Boulevard ♦ Saint Paul, MN 55155

January 18, 2012

Mr. Zygi Wilf  
Owner  
Minnesota Vikings  
9520 Viking Drive  
Eden Prairie, Minnesota 55344

Dear Mr. Wilf:

As you know, in concurrence with Senator Rosen and Representative Lanning, I set last Thursday as the deadline for potential local partners to provide their proposals for a new "People's Stadium" in Minnesota. As we review, discuss, and refine those submittals, I want to present a few key parameters, which will be necessary for me to support the project. They include:

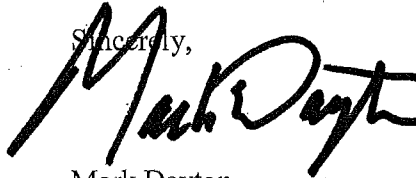

- The facility must be a "People's" multi-purpose/use stadium, designed, built, and operated to maximize its usage in order to maximize the economic and social benefits to the State and its citizens while also providing an excellent home for the Vikings, one which secures the Team's long-term commitment to Minnesota.
- The financial arrangements and operating responsibilities must ensure both the short-term and long-term success and sustainability of the Stadium's operation and future capital needs.
- As the "Peoples' Stadium," it must be owned and operated by a Public Authority, in cooperation with the Vikings, to ensure the public's interest and to maximize the public benefits from it.
- The split of public and private investment in the construction and ongoing operation of the Stadium should represent a true public/private partnership. It must also assure the Team a profitability sufficient that it can excel within the highly competitive National Football League.
- The public sector's total investment in the Stadium's "Lifecycle of Costs" (i.e. construction, operations, capital maintenance, et al.), should be less than 50 percent of these total costs.

Mr. Zygi Wilf

I look forward to working with you to gain the legislative support necessary to begin this vitally important project.

Sincerely,
