

Statement from the family of Sergeant Joseph Bergeron

Joey's first job was being an excellent dad, husband, brother and friend to many. Joey was always caring and generous in everything he did. Joey was a private person that worked very hard everyday without the necessity of recognition. He did his job to the fullest for all the citizens of Maplewood and surrounding communities quietly to ensure he was never in the lime light.

We would like to thank all the officers involved for their efforts and support.

Joey's family is very appreciative to the fast action of the jogger who initiated a rapid police response which was vital to the apprehension of the suspects.
